

Principal Consultant
Karen Vercoe
is regarded nationally as a Results Based Accountability™ Master Trainer and has a team of certified Trainers

KTV Consulting Ltd specialises in training, implementation and analytical / software support for Results Based Accountability™

What is Results Based Accountability™?

Results Based Accountability™ was developed by Mark Friedman and is a disciplined way of thinking and taking action that can improve the quality of life in communities, cities, hapū, Iwi and countries. Results Based Accountability™ can also be used to improve the performance of programmes, organisations and agencies.

How does it work?

Results Based Accountability™ starts with **ENDS** and works backwards, step by step, to **MEANS**. The **ENDS** are the results and goals you want.

How can it help you?

Results Based Accountability™ is a process that gets you and your partners from talk to action quickly. It uses plain language and common sense methods that everyone can understand. The most basic version of Results Based Accountability™ can be done in less than an hour and produces ideas that can be acted on immediately.

KTV Consulting Ltd Approved to Deliver Results Based Accountability™ 101 Training
